Our 166-year old carriage barn is built against a cliff, with the lower floor only exposed on the backside. The event spaces in the barn are on the middle and top floor. The middle floor opens up to a tree-lined lawn with a lily pond, through two large barn doors and a spectacular glass facade. The bar and the restrooms are also located on the middle floor. The two upper floors of The Roxbury Barn & Estate together seat up to 140 persons for dinner.
